

2010 CLASS SCHEDULE

**AQUATIC THERAPY UNIVERSITY
POST-GRADUATE STUDIES
IN AQUATIC THERAPY**

Andrea Salzman

Founder

Aquatic Resources Network

QUENCH YOUR THIRST FOR SERIOUS KNOWLEDGE

Remember university life? That rich **academic atmosphere** where you knew what was required and looked forward to where you were going? I do and I miss it. That is why I am introducing Aquatic Therapy University, the only curriculum-structured evidence-based **continuing education** program for the post-graduate aquatic therapist.

At ATU, expect your horizons to be broadened and your **abilities challenged**. Here, you will get two-day lab-intensive classes packed full of cutting-edge content. And here, expect to be taught by the best-of-the-best, as all of our diverse clinical tracks are led only by **licensed therapists** and physicians.

For 14 years, we have had our **finger on the pulse** of aquatic therapy worldwide. Now, it is time for the next generation in training options. Ring in the new decade by **enrolling today** in this industry-pioneering endeavor. But come prepared. We believe it will be something akin to drinking from a firehose.

Andrea Salzman

OUR CERTIFICATE TRACKS

SPECIALIZATION YOU WISH YOU HAD IN COLLEGE

At Aquatic Therapy University, our **tiered progression** gives you the continuum you need to map out and achieve your professional aquatic goals for years to come. You can specialize in any one of the following **certificate tracks** or are free to put together your own course of study. Each class contains a minimum of 5 hours of lecture and 9 hours of pool lab (worth 1.4 CEUs or more). These credits can all be applied to your final 70-hour **ATU certificate**.

Course Sequence

700 Series
Entry Level

800 Series
Intermediate Level

900 Series
Mastery Level

CERTIFICATE TRACKS

GS: General Studies (primers, refreshers, surveys, instructing)

MS: Musculoskeletal Studies (back, neck, hip, knee, etc.)

NS: Neurological Studies (CVA, TBI, SCI, MS, etc.)

PS: Pediatric Studies (neonatal, autism, SI, etc.)

GE: Geriatric Studies (balance, gait, Parkinson's, etc.)

SS: Sports & Military Studies (training, injury, trauma, etc.)

BS: Business Studies (building, billing, marketing, etc.)

Advisory

*ATU courses are taught with the assumption that attendees have at least an entry-level degree or its equivalent in experience. No class time will be spent on the underlying principals of Physical Medicine & Rehabilitation.
