

Andrea Salzman's Evidence-Based Aquatic Therapy for the Fibromyalgia Patient (Webcast)

(How to attend webinar info will be sent with your handouts at least 1 week before webinar)

DESCRIPTION

You have always believed that aquatics is good medicine for the fibromyalgia patient. You've seen it daily in your home pool. But what does the evidence say? There's good news on that front. During this webinar, we look at what the research says, what insurance companies are saying, and what YOU should be saying about aquatic therapy for the fibro patient. Also, webinar registrants will receive our custom **template of a physician's in-service** with their registration, complete with **PowerPoint** slides and powerful research summaries.

DATE: Tuesday, Dec 9, 2008

TIME: 1 PM Eastern/ 12 Noon Central/ 11 AM Mountain/ 10 AM Pacific

DURATION: 90 minutes

REGISTER: Cost \$199. www.aquaticnet.com/aquatic_therapy_continuing_education_webinars.htm or call (715) 248-7258.

WHAT DO YOU GET?

This webinar comes complete with a comprehensive **EBAT handout** including all the best evidence that supports aquatic therapy for this population. Also, webinar registrants will receive our custom **template of a physician's in-service** with their registration, complete with **PowerPoint** slides and powerful research summaries. You may also order our seminar CD for a reduced price (\$50 discount) after attending.

CEU CREDIT

ATCs: The Aquatic Resources Network is a Board of Certificate Approved Provider for the Athletic Trainer.

PTs and OTs: We will issue Certificates of Completion for those who attend and mail-in a post-test. Therapists/assistants can then use these Certificates to seek CEU approval in their states. For instance, PTs and PTAs in Minnesota will be able to use our webinars towards up to 10 hours of their biannual 20 hour CEU requirements. (This course is considered a Category 2 in Minnesota; we are applying for Category 1 approval starting in 2009).

WHO CAN ATTEND

For 1 registration fee (\$199), your entire office can attend. You can watch it alone on your PC monitor -- or project it onto the wall for everyone to see. Simply have your IT guy connect your computer to a PC-driven projector and project the training onto your wall to make a lunch-and-learn session easy. Note: Your computer must remain connected to high speed internet during the webinar.

LEARNING OBJECTIVES

Upon completion of this course, participants will be able to:

1. Create a cohesive argument supporting the use of aquatic therapy for the fibromyalgia patient. Understand how the thermal and hydrodynamic properties of water create a therapeutic environment unlike land – and be able to decide when aquatics is (and is not) appropriate.
2. Demonstrate how to use the **Aquatic Health Research Database** (and other online databases) to locate systematic reviews and clinical trials which support aquatic therapy for the fibromyalgia client.
3. Understand what insurance companies, Medicare, and the American Medical Association have to say about aquatic therapy for the musculoskeletal client.
4. Perform a “quick and easy” physician in-service on the benefits of aquatic therapy for the fibromyalgia client. Webinar registrants will receive a template of an in-service with their registration, complete with **Powerpoint** slides and powerful research summaries.

SPEAKER BIO

Andrea Salzman, MS, PT graduated from the University of Alabama at Birmingham with a Masters degree in physical therapy. Salzman is the Founder and Owner of the **Aquatic Resources Network**, the largest multidisciplinary clearinghouse of information on aquatic therapy. She is Vice President of **10K Health, LLC**, a temporary staffing agency for the physical therapist and PTA. She has served as:

Editor-in-Chief, Journal of Aquatic Physical Therapy;

Manager, Regions Hospital Therapy Pool;

Adjunct Faculty, College of St. Catherine's PT program;

Functional Design Consultant; Aquatic Therapy Facilities;

ARN Database Creator, 16,000 aquatic professionals;

Aquatic Health Research Database (AHRD) Creator, 8000 abstracts and growing;

Author, 5 aquatic therapy-related texts;

Columnist, Advance magazine

Salzman received the **Aquatic Therapy Professional of the Year** and Tsunami Aquatic Awards from the Aquatic Therapy and Rehabilitation Institute (ATRI) and she presents popular aquatic therapy seminars throughout the US and abroad.

CANCELLATION AND REFUND POLICY

ARN reserves the right to cancel this webinar. We will notify you a minimum of 10 days prior to the webinar date if it has been cancelled. Cancellation of this course by the Aquatic Resources Network for any reason will result in a complete refund of all registration fees. Cancellation by registrant (postmarked 10 days prior to seminar) will receive a refund minus \$35 administration fee. No refunds will be issued after that date for cancellation by registrant. Registrant can choose to receive a CD of the webinar if unable to attend. CDs will be available approximately 3-4 weeks after original webinar broadcast.
